Ex-Councilman Selected Over Protest of 180

Hannibal Put Forward To Succeed Barrett But Loses Out

Disregarding a petition signed by 180 citizens, the Belmont City Council in a stormy session Monday night appointed Louis C. Vannier, former councilman who was defeated at the April 9 municipal balloting for re-election, as a member of the board to succeed Louis A. Barrett, who resigned because of protests to his eligibility to hold office as a government employe.

The petition, presented by Keene Fitzpatrick, president of the Citizen's Good Government Association, asked the council to appoint W. H. Hannibal, Southern Pacific agent in Belmont, who was third man in the municipal election.

In that vote Hannibal, association candidate with Barrett, polled 253 votes to 241 for Vannier.

Vannier was named on the motion of Councilman James Halloran, seconded by Councilman Clifford Lussier. On roll call, Mayor Chris L. Jordan, Halloran and Lussier voted "yes" and Councilman C. J. Messner "no."

No Second Offered

Councilman Messner had moved for the apopintment of Hannibal, but there was no second.

The city hall was jammed for the stormy session that saw Barrett's resignation and the apopintment of Vannier.

Barrett resigned following filing of a protest with the federal civil service commission charging that he should not be permitted to serve as councilman because of his position as an employe of the forestry service.

In a statement which he read while presenting the petition for the selection of Hannibal, Fitzpatrick vigorously attacked the motives behind the protest of Barrett's eligibility to hold office as councilman.

Reciting that Barrett and Messner as minority board members had cooperated in constructive development work, Fitzpatrick's statement said in part:

"Everything was proceeding harmoniously until last week when we learned that Mr. Barrett had iled his resignation as a member of this board. Upon investigation we find that disgruntled persons in Belmont have been industriously working to oust Mr. Barrett from the board by attacking him through his employers, the United States Government.

"Protests have been registered with the U. S. Civil Service Commission, charging that he should not be permitted to serve the people of Belmont as councilman be cause he is a civil service employe. They could find nothing against his reputation. They could not show that he was not a good councilman for the City of Belmont, so they attacked him through his employer on the ground that he was a civil service employe.

Hundreds Now Serving

"Hundreds of civil service employes are holding similar office, but no protest being registered, the government does not object.

'When Mr. Barrett heard of this, he immediately tendered his resignation to the board, and Belmont is deprived of his valued services because we have people in this town who stoop to such methods in order to defeat a very acceptable candidate the people have chosen by their popular vote.

"I am here tonight as a representative of the Citizens' Association for Good Government and as a representative of the signers of this petition, and I wish to go on record as saying that until you and we and every self-respecting citizen in this communtiy will give his help toward purging this town of such character assassins, we will have no permanent peace for constructive development.

"You members of the board will be expected tonight to accept Mr. Barrett's resignation and to appoint his successor.

"The only fair selection you can make is the man who the people chose last April by polling for him the next highest vote. This man is H. W. Hannibal. In the last 48 hours, the citizens of Belmont have confirmed this choice by signing their names to this petition, 180 of them, all citizens of this town. And judging from the indignation expressed over the treatment accorded Mr. Barrett, if we had 48 hours more to work, we would have the names of 80 per cent of the citizens."

Barrett in leaving his place on the board said that as far as he was concerned it was "a dead issue."

Since the discovery of America 25,000 tons, or 17 billion dollars worth of gold has been produced in the world. This amount would make a solid gold tower 20 feet in diameter and 140 feet high.

CHIEF FARRELL DRAFTED AS WRITE-IN CANDIDATE

J. Ed Farrell, Atherton chief of police, prominently mentioned as a possible candidate in the pre-filing period, today was thrust into the race for sheriff of San Mateo county as a write-in candidate.

Whispers current in the county for several weeks that there was a rising current of feeling to draft Chief Farrell as a surprise candidate into the present five-cornered competition were definitely confirmed today from a reliable source.

To a telegram sent him today apprising him of the definite formation of a write-in campaign group during his absence on a vacation, and asking whether he would accept such support, Chief Farrell wired the following reply from Southern Oregon, where he has been on a fishing trip:

"I feel highly honored and would gladly accept such support. On the success of such a campaign I would serve the voters of San Mateo county in the manner they desire."

It was definitely learned that a group of San Mateo county citizens had decided to put forward Farrell's name, either with or without his sanction, as a candidate for the sheriff's post.

What campaign plans are considered remained undisclosed, but it was ascertained from a member of the movement that it is the hope that "spontaneous" expressions of support for Farrell made within the past few weeks can be crystallized into a "people's vote that will forcibly express the real feeling of a great mass of the citizens of the county toward the sheriff contest as it has lined up."

Admitting that write-in campaigns are rare and difficult, this source, however, declared that "there has been ample evidence shown of the widespread feeling for Farrell."

"This is not a political maneuver," it was added. "This movement has been spontaneous in origin and has spread independently almost the whole length of the county."

What effect this new "X factor" in the contest for sheriff, one of the most startling turns in San Mateo county political history, will have could not be speculated upon today.

Already in the race are five men, Sheriff James J. McGrath, incumbent; John J. Harper, Burlingame police chief, Cornelius Callaghan, Harry Arnold and W. Scott Smith.

Chief Farrell is a widely-known figure throughout San Mateo county. Before becoming Atherton police chief more than three years ago, he served as deputy sheriff and undersheriff of the county. He entered the sheriff's office under the late Sheriff "Brick" McGovern.

Communist Office At San Mateo Destroyed

San Mateo's alleged Communist headquarters in a store building at 525 B street was raided late Saturday night by "vigilantes" who smashed in windows, furniture and light connections and destroyed propaganda leaflets.

The building had been vacated by radicals several days previously because of fear of the wrath of vigilante groups.

At the same time, Police Chief John J. Harper of Burlingame warned Communists to stop activities there immediately. He said that the police department would not be responsible if aroused citizens took action they have already threatened. One business man has been holding Communist meetings in his establishment, according to Harper.

Burlingame Blaze Razes Two Garages

BURLINGAME, July 23.—Two garages were almost completely destroyed and an adjoining home was scorched by flames that spread from a fence and grass blaze. The total loss was estimated at $500.

The blaze spread first to the garage of George Farrell, 1425 Chapin avenue, jumped to the garage of F. H. Janssen, 1427 Chapin avenue, and also scorched the latter's home.

Partial burning of a telephone pole nearby disrupted telephone service for some time. Assistant Fire Chief Ed Leis suffered a severe ankle sprain in fighting the fire.

The accident occurred on Main street near Broadway at about 9:20 p. m.

Memorial Park Development Wins Approval

San Gregorio Streams May be Stocked With Trout

Recreation program plans were discussed by members of the county board of supervisors and the recreation and planning commissions at an all-day meeting and field trip yesterday with George Braden, field representative of the National Recreation Commission.

That the state fish and game commission would be willing to stock Pescadero and San Gregorio creeks with steelhead was reported to the group by Joseph Hunter of the commission.

He stated that these are two of the best steelhead streams in this part of the state.

Braden went over tentative recreation plans at the conference and urged that the Memorial Park should be developed to full usefulness.

Taken on his first visit to scenic points in the park and on the coastside, he highly praised the beauty of the county. He said that his association would be glad to co-operate with the county toward the development of recreational facilities.

Inspection was made by the group of the bathing beach and swimming pool at the park, which have just been completed.

At least 200 persons were reported to be camping in tents at the park when the field trip was made, and it was estimated that 500 persons are using the park each week day and 300 on weekends.

Proposed SERA projects have been submitted for the construction of a bathhouse, gates and fences at the park.

The recreation and planning commissions are also seeking funds to acquire bathing beaches on the coastside.

The field trip yesterday followed a luncheon meeting at the Benjamin Franklin Hotel in San Mateo.

'Sub' Base Talk Again Revived

Pigeon Point Survey Will Be Completed, Is Navy's Word

Another and final survey of the deep area off Pigeon Point lighthouse on the San Mateo county coast to test its potentialities as a submarine base will be made this fall, it was learned today.

The information has been received by Fred T. Hale, Santa Cruz postmaster, from the naval mail clerk aboard the Kingfisher, which a year ago started the survey for the federal government.

The activity was taken to indicate that the coastside area may be the seat in the future of submarine testing activities of the navy department on the Pacific Coast.

Writing to the postal force with whom he became acquainted during his stay at Santa Cruz, E. A. McHoes, Kingfisher mail clerk, said that he had seen the orders to send two mine sweepers here to "complete the survey."

The work begun by two mine sweepers working along the coast will be finished by that branch of the naval department.

The Kingfisher is now stationed at Kanaga bay, ARlaska, to complete surveys started before it was sent here a year ago.

'WHITE COLLAR' JOBS

Relief Committee Working Out This Phase of Problem

Efforts to organize projects that will afford some relief for the "white collar" class of unemployed are being put forward, Capt. L. G. McAloney, acting director of relief, announced today.

The several projects already approved and those awaiting approval, will in a large measure relieve the needs of the majority of unemployed in the skilled and unskilled labor category, he said.

The necessity of holding to a minimum the administrative costs has made it very difficult to take care of applicants for clerical work.

It is not the intention or desire of the administration to put people to work on jobs that will unduly tax their physical powers, said Captain McAloney, "but until large enough numbers of people in each different category can be assembled into a project suitable to their talents, we are unable to place them at the kind of work they may desire," he said.

20,000,000 Hours' Employment Back Of Ward's Sale

It has been estimated that 20,000,000 hours of employment, were required to fill Ward's orders for their August Furniture Sale. In terms of 40-hour weeks, the time used amounts to 500,000 weeks. This means that it would take one man, working 40 hours a week, 9,615 years to make the furniture ordered for this Sale.

Montgomery Wards semi-annual furniture sale, with companion sales of rugs, stoves, housewares, curtains, woolens and blankets, begins tomorrow in the 500 Ward stores located in 46 states of the Union.

County Labor Blocked Out

S. F. Blocks Peninsula Men on Pipeline Project

Hope of peninsula men that they would secure employment on the Hetch Hetchy pipeline project in San Mateo county was blasted today in a wire received by County Clerk Elmore B. Hinman from Harold S. Ickes, public works administrator.

Ickes said that ex-servicemen will be given first consideration on the project; that bonafide residents of San Francisco will come next, and that residents of counties outside of San Francisco will then be offered jobs if any are available.

The board of supervisors last week sent a protest to Ickes because peninsula men were not being favored with jobs on the pipeline.

Ickes said that the San Francisco agreement with the federal government took care of her own unemployed first.

SUPERVISORS DEFER SHOVEL ACQUISITION

Will Rent Equipment On La Honda Road During Summer

Purchase of an $8000 steam shovel for the La Honda road project was virtually abandoned by the board of supervisors Monday for at least a year when County County Engineer James S, James was instructed to call for bids for rental of equipment.

While Supervisor John Poole and Engineer James continued to maintain that it would be "good business" to buy a shovel, Supervisors Albert Witt, Colma, and Rosalie Brown, San Mateo, believed the rental plan should be followed at least for this season.

James made an appel for the $8000 fund because the board had failed to proceed with the proposed central corporation yard idea. But the board felt that it would be cheaper this year to rent a shovel and proceed with the La Honda road work under that plan.

Emilio Botto, the popular young milk man, is taking a month's vacation.

Merriam Our Choice

The late Calvin Coolidge, former president of the United States, was swept into the presidency by his stand on the Boston police strike while he was governor. He displayed courage and fearlessness in dealing with the unfortunate affair. The American people love courage when it is connected with duty. Coolidge saw his course and acted promptly, settling a strike in a short time that might have resulted seriously for the citizens of Boston.

Governor Frank F. Merriam, too, grasped the strike situation in San Francisco at once and acted promptly and without fear by calling out the militia, practically settling the strike. Had he not taken the step he did bloodshed and rioting might have followed with disastrous results.

Like Coolidge, Merriam will be swept into the governor's chair with the largest vote ever given an aspirant for that office in this state.

Merriam did his full duty without pussyfooting or sidestepping. The citizens are going to reward him by keeping him at Sacramento for a full term.

Russell Well Qualified

Hartley Russell, of San Francisco and an aspirant for a seat on the State Board of Equalization for this district, is well qualified for the positon by many years of experience as a tax attorney and an accountant. He is grand vice president of the Native Sons of the Golden West and for years has taken an active part in the activities of his home city.

Of all the candidates aspiring for the place, there are none better qualified to fill the duties of the position than Hartley Russell. He comes from a pioneer family of San Mateo county although he has passed his whole life in San Francisco. His vote in the county will be large and substantial. He is a clean cut young man that deserves the support of every honest citizen.

Seawell Should Continue

Judge Emmet Sewell, candidate to succeed himself as associate justice of the supreme court, should be retained in office. The judge is an able and capable jurist. He has served 12 years in the upper court, always demonstrating his fitness for the position. Judge Sewell should be continued on the bench. He has been endorsed by the San Mateo County Bar Association.

Menlo Park

W. H. Weeden motored to Stockton and Sacramento to attend to civic business Saturday.

The following officers were elected for the ensuing term at a regular meeting of Menlo Park American Legion Auxiliary Tuesday night: Junior Past President, Ethel French; President, Isabelle Lindquist; First Vice President, Clarissa Ross; Second Vice President, Violet Larrecou; Sergeant-at-arms, Irene Boone; Chaplain, Theressa Beltramo; Historian, Gertrude Ellis; Treasurer, Jeanette O'Neil and Secretary, Elizabeth Lyon.

Mrs. Irene Boone and Miss Emma Noel were hostesses to the executive committee of the American Legion Auxiliary at a delightful luncheon Monday. The committee met to audit reports for the year. Those present were the executive committee composed of Elizabeth Lyon, Irene Boone and Clarissa Ross, president of the auxiliary, Ethel French and Secretary Isabelle Lindquist. Later the following attended the district meeting in War Memorial Building in San Francisco: Ethel French, Dora Devol, Clarissa Ross, Jeanette O'Neil and Isabelle Lindquist. The purpose of the meeting was to elect the district president and Catherine Foreman of Daly City was elected to the post. Ethel French and Isabelle Lindquist were delegates from Menlo Park.

Mr. and Mrs. Stentiford and children returned from a motor trip East. They also visited Canada.

As a sequel to the School of Life held over the week-end at Menlo Junior College, the local Oxford Group met in Palo Alto at Castilleja Chapel. The week-end meeting was attended by 63 men and women from districts outside Palo Alto and Redwood City. At Saturday night's program, which drew a crowd of 200, M. E. Hopkins, superintendent of the Seamen's Institute in San Francisco, was the leader. He and others who attended the international house party at Banff reported on that gathering.

Miss Eva Enten and Miss Beatrice Silverstein of Menlo Park left last night for Russion river where they will spend a week's vacation at Guerneville and Rio Nido.

Miss Dorothy Taylor has resigned her position in San Francisco and will spend a few months with her parents in Atherton.

Father Gleason, assistant pastor of the Church of the Nativity, is enjoying a vacation of two weeks in northern California.

On next Monday night the Union Safe Deposit Bank of Stockton, holder of Menlo Park street improvement bonds, will be informed by the Menlo Park City Council as to what steps will be taken toward meeting unpaid street bonds of approximately $14,000.

That date was set Monday night during a conference between the councilman and E. C. Stewart, Union Safe Deposit president, and his attorney, Newton Rutherford. The council will meet Monday night to complete the 1934-35 budget.

The probability is seen that the council will be obliged to levy taxes to meet the payments.

Councilman W. H. Weeden remarked, after the bank representatives had departed, that the proposed 50 per cent cut in "inside" business fees in Menlo Park might not be advisable at a time when Menlo Park taxpayers in general face the likelihood of a tax increase to meet bond delinquencies.

Other matters before the council included:

Alex Walker, Roble avenue resident, complained that the surface on Roble avenue is in bad condition. He was informed that the council would attend to the matter as soon as money and equipment, both of which are lacking, are available for a satisfactory job.

Earl Bayless was granted a permit to open a restaurant on El Camino Real.

Provisional estimates of expenditures of $1,974 out of the city street fund during the 1934-35 fiscal year were reached Monday night when the Menlo Park City Council met for further consideration of its budget, soon to be adopted for the coming year.

Against that figure stands an anticipated revenue of $1,400 from traffic fines, in addition to $1,281.27 representing cash on hand, or a total of $2,681.27.

Anticipated expenditures out of the 1934-35 street fund were estimated last night as follows: street sweeper salary $264; surface maintenance $500; painting of pedestrian lanes, curbs, etc., $90; street signs $75; and lights $1,045.

County Farm Debt Committee Sitting

Provisions of the Frazier-Lemke amendment to the national bankruptcy act do not release the farmers from their debts but provide a last resort to protect the farmers from losing their property in event that it is impossible to find any other way to scale their obligations, Charles E. Humphrey, chairman of the San Mateo county farm debt adjustment committee, reported today.

Humphrey stated that the county farm debt adjustment committee will meet regularly, depending on the number of applications it receives from farmers for hearing. Chinese Herbs Prove Effective in Many Diseases

HISTORY OF CHINESE MEDICINE

One of the earliest Western mentions of Chinese medicine was made by the celebrated traveler, Rubruk, in the 12th century.

Rubruk wrote at the time: "Further on is great Cathway, which I take to be the country which was anciently called the Land of the Seres. These Cathayans are little fellows, speaking much through the nose; as in general with all these Eastern people, their eyes are very narrow. They are first rate artists in every kind of manufacture, and their physicians have a thorough knowledge of the virtue of herbs."

The Chinese, therefore, had their system perfected even at this early date, long before there were doctors in Europe worthy of the name, and centuries before the discovery of America. In fact, the history of Chinese herb medicine can be traced to more than 3000 years ago.

THE UNDERLYING THEORY

The theory of Chinese medicine, in general, is this: A substance which can be used for food is suitable for use as a medicine; and a substance which is poisonous or otherwise injurious as food is not only useless as medicine, but actually is harmful.

The Chinese believe that one has no right to force upon a sickly, perhaps broken down constitution, substance which woul injure a sound constitution.

They strive to strengthen and build up a weak constitution by the use of vegetable substances, many of which are really foods in special form. These can be readily absorbed into the system, make new and rich blood and through the blood nourish and sustain the body.

CHINESE AVOID CONCENTRATED MEDICINE

The Chinese do not believe in using concentrated medicinal elements.

In concentration a little very powerful medicine is taken into the system, and it is expected to do a great deal of work. The Chinese avoid this extreme. Instead, they give larger doses of less concentrated medicines and almost always in liquid form. This is absorbed into the system without violent action; so gentle, so like Nature's food that the body frequently responds miraculously.

PREVENTIVE MEDICINE AND CORRECT LIVING

The Chinese are firm believers in preventive medicine and correct habits of living. To arrest the progress of disease in its early stages is far better than to cure it when it becomes chronic.

Most people today are so afraid of doctors that they do not seek medical advice as the first symptoms or the disease are manifest; if these same people knew that they could be treated by harmless vegetable substances: Roots, herbs, barks, berries and flowers; substances that Nature provided for this very use—they would not hesitate and sickness would be reduced to a minimum.

HOW TO PREPARE AND TAKE HERB TREATMENT

The Oriental remedies are usually administered in the form of herb teas. These teas are made from herbs indigenous to Asia, and more than 3000 such herbs are in use. From 10 to 18 kinds of herbs are frequently used in each dose. From two to six cups of water are added and then boiled down to one cup, which is a dose for an adult, and is drunk hot.

The herb teas are always to be taken on an empty stomach. Sometimes in the early morning an hour or so before breakfast, or before lunch, dinner and bedtime. The intention is to have the stomach empty of foods so that there may be nothing to interfere with the action of the remedies.

We have often been asked, "What is your specialty?" We reply that our herbs treat all derangements of the human system.

Montara Lighting District Loses 52 Lights

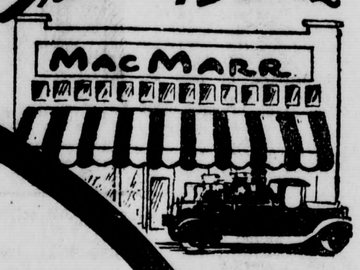
MACMARR Friendly Stores



Now's the time to catch up on your A-B-C 's!

Many a diet was delinquent in vitamins last week when the general strike placed an embargo on fresh fruits and vegetables. Accordingly, MacMarr's has made a special effort to stock up with "protective foods"---foods that are rich in one or more vitamins.

To brush up on your A-B-C's (vitamins), here's a brief resume of the functions of vitamins: Vitamin A stimulates growth and is necessary for well being at all ages; Vitamin B is necessary for good appetite and also for normal muscle tone in the digestive tract; Vitamin C is essential for good "tooth nutrition"; Vitamin D is necessary for normal teeth and bone building; Vitamin E is essential for reproduction, and Vitamin G is especially needed to prevent the appearance of premature old age.

Here's MacMarr's A-B-C Directory of Fresh Fruit and Vegetable sources for Vitamins:

Vitamin A—Bananas, peaches, cantaloupes, oranges, watermelons, beans, beet leaves, carrots, green cabbage, peas, spinach, turnip tops, tomatoes, lettuce.
Vitamin B—Spinach, tomatoes, peas, green beans, turnip greens, potatoes, cabbage, beet leaves, lettuce, green peppers, carrots, onions, turnips, grapefruit, lemons, oranges, bananas, apples, peaches, grapes.
Vitamin C—Cabbage, tomatoes, spinach, peas, green beans, peppers, carrots, corn, turnips, potatoes, onions, radishes, beets, oranges, grapefruit, lemons, strawberries, apples, peaches, bananas, raspberries, watermelon and cantaloupe.
Vitamin E—Green lettuce and other fresh vegetables.
Vitamin G—Turnip tops, spinach, bananas.
